PROFILE SUMMARY

A dedicated Front end developer with **1 year of experience** in building **scalable, interactive web applications** using **React.js, TypeScript, Node.js, JavaScript**, and **web components**. Proficient in delivering **responsive designs**, ensuring cross-browser compatibility, and optimizing for **SEO**. Skilled in collaborating with teams to deliver **high-quality**, tailored solutions that meet business needs and **objectives**.

SKILLS

- Frontend Development: React.js, Next.js, HTML5, CSS3, JavaScript, Tailwind CSS
- Backend Development: Node.js, Python and RESTful API design
- Database & Storage: PostgreSQL, Supabase, SQL
- Tools: Git and working with CI/CD pipeline

WORK EXPERIENCE

Frontend developer

Jan 2024 - Present | Remote

Sayvai Software

- Designed a responsive website using **React.js**, ensuring cross-browser compatibility.
- Built dashboard with **Next.js**, integrating **TypeScript, Tailwind CSS**, Redux. Used **server-side rendering (SSR)** and **static site generation (SSG)** to optimize performance optimization.
- Integrated TypeScript and **React-Redux** to fetch and display data from **RESTful APIs**, using **Supabase** for backend operations.
- Developed and consumed **RESTful APIs** using **PostgreSQL** for efficient data handling.
- Achieved real-time updates and handled complex state management with asynchronous processing.
- Developed a **content management system (CMS)** with a user-friendly dashboard exclusively for admin users, enabling seamless updates to website content without requiring technical expertise.

Web developer Intern

Sep 2022 - Dec 2022 | Onsite

Sai Techno Solution ,Coimbatore

- Designed intuitive user interfaces with **HTML, CSS**, and **JavaScript**.
- Created a **web-based** employee management system using **React and Node.js**.
- Implemented **Role-based access control (RBAC)** to ensure secure and structured user access.

PROJECT

MATH GYM - Quiz Application

- Developed a feature-rich quiz application using **React.js**, integrating **APIs** documented with Swagger.
- The application supports **role-based functionality** for students, teachers, and administrators, enabling seamless interaction with **backend services** for quiz management, attendance tracking, and dashboards.
- **Tech Stack:** React.js, CSS, Redux, Swagger API, HTML, JavaScript.

EDUCATION

Government College of Technology, Coimbatore

Jun 2019 - Jun 2022

B.E- Electrical and Electronics Engineering (GPA - 7.6)

CIRTIFICATION

- HTML, CSS, JavaScript, React - Online Certification Course on Udemy [🔗](#)
- Completed the React Course on HackerRank [🔗](#)
